

Blessed In Expectation

If we only expect little blessings in our lives, let's not moan if that is what we receive..

But remember the woman in our reading today (Matthew 15 21-28), and then ask God and trust God for great things. After all, it would be such a waste for us to trundle along in bottom gear, with an engine that has the capacity to move much faster.

Then we will realize the greatness of the Lord who says: 'Ask, and it will be given to you' (Matthew 7:7)?
